Core 40

The Indiana Department of Education recommends the following courses to prepare students for higher education:

Language Arts: 8 credits in Literature, Composition and Speech.

Mathematics: 6 - 8 credits in Algebra I, Geometry, Algebra II, Trigonometry, Calculus.

Science: 6 credits in laboratory science including Biology, Chemistry and/or Physics, and Adv. Biology, Adv. Chemistry, Adv. Physics, or an earth/space science course.

Social Studies: 6 credits including U.S. History, U.S. Government, Economics, World History and/or Geography.

Physical Ed.: Two semesters.

Health/Safety: One semester.

Also Recommended: 8 credits of Foreign Language, the Arts or Computers

Family college savings program

The value of a college degree cannot be overstated. Indiana's success in securing and retaining good-paying jobs is largely dependent upon our ability to keep college affordable.

This program permits Indiana residents to begin saving for a child's college education as soon as that child has a Social Security number. Participants will be able to contribute to the plan through payroll deductions, automatic deductions from bank accounts, or coupons.

Income taxes on earnings are deferred until withdrawals are made for eligible higher education expenses, including tuition, books, room and board. Participants may also withdraw the funds at any time for emergency purposes while paying a small penalty on the interest.

Those interested in receiving more information can call the Indiana Family College Savings Plan toll-free at 1-888-814-6800 or visit www.incollegesave.com

Indiana College Network

The Indiana College Network (ICN) is a partnership of Indiana's colleges and universities working together to provide higher education to Indiana citizens wherever they live and work. These institutions' distance education degree and certificate programs consist of actual college classes that are equivalent to on-campus courses. Videotape, Internet, CD-ROM and correspondence courses can be completed at an adult learning center or at home, and almost 350 satellite video class sites statewide allow students to watch courses live and ask questions using phones linked directly to the professor's classroom. To learn more about ICN courses, call the ICN Student Services Center at 1-800-426-8899 or info@icn.org. Information is available online at: <http://www.icn.org>.

Indiana college tuition hikes lower than national average

The average in-state tuition for an Indiana student at a four-year college rose 4% in the 2000-2001 academic year. The national average increased by 4.4%.

As part of the Community College of Indiana initiative, Indiana's two-year college rates did not increase at all. Nationally, the rate increase was 3.4%.

State Financial Aid Information

Minority Teacher Scholarship

This scholarship is designed to encourage African-American and Hispanic students to enter the field of education. Applicants must be African-American or Hispanic, attend or plan to attend an eligible Indiana college or university, enroll or plan to be enrolled as a full-time student and pursue a course of study that would enable them to teach in an accredited Indiana elementary or secondary school.

The college or university is responsible for the application and for delivery of funding. Applications can be obtained at your school's financial aid office. The award is equal to the total cost of attendance or \$1000 per year (whichever is less) and is renewable for up to four years for a total scholarship of \$4000.

Hoosier Scholarship Award

This \$500 nonrenewable scholarship recognizes the achievements of Indiana high school seniors. It is based on academic merit and may be used for any educational expense.

Eligible applicants must be Indiana residents, have graduated from an Indiana high school, rank in the top 20% of graduating class and plan to attend an eligible Indiana college or university.

Indiana Higher Education Grant

This scholarship provides Indiana residents with need-based grants for tuition and mandatory fees.

Applicants must be a high school graduate, plan to attend an eligible college or university, and file a Free Application for Federal Student Aid (FAFSA).

Students who receive Indiana Higher Education grants are eligible to earn money for college through the Summer State Work Study Programs. Application forms are sent to all Higher Education Grant recipients.

For more information on this program, contact SSACI at 150 W. Market Street, Suite 500, Indianapolis, IN 46204.

Nursing Scholarship

This scholarship provides assistance to Hoosier students who have chosen nursing as a career.

To be eligible, the applicant must be an Indiana resident, be admitted to an eligible Indiana school as a full-time or part-time nursing student. The student must demonstrate financial need and agree in writing to work as a nurse for at least two years after graduation in any type of health care setting in Indiana.

A GPA of at least 2.0 on a 4.0 scale is required. The college or university is responsible for the application and for delivery of the funding for the Nursing Scholarship.

Federal Financial Aid Information

Federal Aid

The U.S. Department of Education offers student financial assistance through Pell grants, Stafford Loans, PLUS Loans, Consolidation Loans, Supplemental Educational Opportunity Grants, Work-Study, and Perkins Loans.

To be eligible for aid, students must demonstrate financial need, have a high school diploma or GED, plan to enroll as a regular student in an eligible program, be a U.S. citizen or an eligible noncitizen, have a valid Social Security number, make satisfactory academic progress and sign a statement of educational purpose and a certification statement on overpayment and default.

Students must also complete a Free Application for Federal Student Aid (FAFSA). Forms are available through high school guidance offices, college financial aid offices or by contacting the U.S. Department of Education at 1-800-USA-LEARN.

The FAFSA has a priority deadline of March 1. The final deadline, after which no applications will be accepted, is June 30.

AmeriCorps

AmeriCorps programs offer funds for postsecondary education in return for community service work. The funds can be used for either current educational expenses or to repay federal student loans. For more information, call 1-800-942-2677 or write to: The Corporation for National and Community Service, 1201 New York Avenue NW, Washington, DC. 20005.

Definitions

FAFSA: Application form for federal and state assistance. Must be filled out to determine eligibility for aid.

Grants: Financial aid that does not need to be repaid.

Loans: Borrowed money which must be repaid with interest.

Work-Study: Work to earn money to help pay for school.

According to the U.S. Census Bureau, about 50% of postsecondary students receive some kind of financial aid.

Robert C. Byrd Honors Scholarship Program

This scholarship provides \$1500 annually to selected Hoosier students. To be eligible, an applicant must score a minimum of 1300 on the Scholastic Aptitude Test (SAT) or a 31 composite score on the ACT or earn an average standard score of 65 or higher on the GED.

Students must also be an Indiana resident and plan to attend college full-time. Scholarships may be used to attend any approved institution in the United States and can be renewed.

Applications are sent to Indiana high schools by January of each year. The deadline is April 24.

For more information, contact the U.S. Department of Education 600 Independence Avenue SW, Washington, DC 20202.

Colleges & Universities

Ancilla College

9601 Union Road
PO Box 1
Donaldson, IN 46513-9999

Enrollment: 1200, 66% women, 34% men

Tuition: \$7,800

Housing: Noon-campus housing.

Note: Additional classes are offered in Merrillville.

Colleges & Universities

Community College of Indiana

1-888-489-5463

www.ccindiana.net

The Community College of Indiana is a partnership between Ivy Tech State College and Vincennes University that is designed to provide accessible and affordable education for local communities statewide. Ivy Tech State College's technical curriculum, coupled with Vincennes University's liberal arts approach, gives students a broader range of courses and degree programs. Through the partnership, students have more opportunities than ever before to transfer credits to four-year institutions.

There are currently 10 sites that are operating around the state, and that number is expected to reach 23 by the year 2006. All campuses are commuter campuses.

In-state tuition: \$73.80/credit hour

Admissions requirements

The Community College of Indiana has an **open enrollment policy**, which means that enrollment is open to everyone. To apply, students must complete three steps:

- 1) fill out an admissions application
- 2) submit a high school transcript (*for admission into a program leading to a degree or certificate*)*
- 3) take an academic skills assessment test

* Students enrolled in the Community College of Indiana who do not have a high school diploma will be provided contacts to help them get assistance in passing the High School Graduation Qualifying Exam or earning a GED to further pursue a specific degree and be prepared for college-level coursework.

Colleges & Universities

DePauw University

Religious Affiliation: Public

Chartered: 1865

Student/Faculty Ratio: 25: 1

Enrollment: 11,321 : 52% women, 48% men

Tuition: \$4,166

Housing: \$4,789, Nearly half of students live on campus.

Aviation Technology Center

Located at the Indianapolis International Airport, the Aviation Technology Center forms a partnership between Indiana State University, Purdue University and Vincennes University in aviation technology training.

The facility encompasses over 90,000 square feet of accessible space, including two aircraft hangers, twelve classrooms, ten special-purpose laboratories, two lecture halls, a commons/dining area and a 2,200 square foot media/reference center.

The Center offers both Associate's and Bachelor's degrees in Aviation Maintenance Technology, Aviation Administration Technology, Aeronautical Technology, and Occupational Safety Management.

The facility provides education to prepare Hoosiers for jobs in the aviation industry. The long-term employment outlook for aviation maintenance personnel is very encouraging here in Indiana. With the start-up of the new United Airlines maintenance hub, thousands of FAA certified technicians will be needed. Several airport expansions and other maintenance facility expansions are being planned in Indianapolis and elsewhere in the state. Job opportunities throughout the country are predicted to be 20,000 a year, due to the aviation industry growth rates and the projected retirements of aviation technology personnel.

For more information on Vincennes University programs contact (812) 381-6000; for more information on Purdue University programs contact (765) 484-1824; for more information in Indiana State University programs (812) 237-3079.

Colleges & Universities

9. Social and Human Service Assistants
10. Physician Assistants

Southeastern Indiana College and Continuing Education Coalition

This constituent coalition of leaders in business, education, government, industry and medicine is working to bring higher education opportunity to eight rural counties. Only 8.7% of the rural adult population has a Bachelor's degree, compared to 16% for Indiana and 25% for the nation.

An "electronic campus" has been implemented to deliver courses via distance learning. The SICCEC is working with the Indiana Partnership for Statewide Education, the Indiana College Network and the Indiana Commission for Higher Education to bring equal access to higher education opportunities in rural communities.

Learning Centers are located at the following Southeastern Indiana sites: Batesville High School, Franklin County High School, Brookville High School, Greensburg High School, Jennings County High School, North Vernon High School, and Lawrenceburg-Ivy Tech State College.

For more information contact the SICCEC at P.O. Box 499, Moores Hill, IN 47032, (812) 744-7777.

Earnings for high school vs. college graduates

The table at right shows the difference in earnings between high school and college graduates, age 25-34. For men, that difference was 33% in 1970, and 57% by 1997. The gap was even greater for women. Female high school graduates in this age range earned 41% less than college graduates in 1970; by 1997 they earned 66% less.
